## COUNTY BASKETBALL TOURNAMENT IS WON BY XENIA HIGH TEAM

Xenia High School's crack basketball team, crippled though it was by the absence of center "Bruno" Ball, who was unable to play, swept through the Fifth Annual Greene Co. Basketball tournament which was staged at Kelly Gym, Antioch College, Saturday and winding up the day's victories by winning from Cedarville High School Saturday night, won the county championship and the two cups awarded by Antioch college as first prizes.

One of these cups, is awarded as a permanent possession while the other and larger cup, is the cup given to the team winning it three years, and is held by Xenia for a year only as a temporary possession. By virtue of its ability to hold out until the final when it played Xenia for the championship of the county, Cedarville High School was awarded the second prize of ten dollars in money.

Cedarville High School girls saw to it that that town did not come away from the county meet without one first prize, when it defeated Jamestown High School girls in the finals of the girl's tournament games, winning the girls' championship of the county, and receiving the silver loving cup awarded for the winners of that honor. A prize of \$5 was also awarded Beavercreek High School team for its showing in the county set-to this being the first year the team had a basketball team in the field. The awards were made by Congressman S. D. Fess, ex-President of Antioch College, whose son, Lowell Fess, founded the county tournament in 1915, and the ceremonies took place following the Xenia-Cedarville game which wound up the affair Saturday night.

Good, clean sport, some lively court contests and some real up-to-the-minute basketball was shown during the day's games, which were played before a crowd that exceeded any ever assembled there and which packed and jammed into the big Kelly Hall. Six hundred rooters were present, making the place gay with the vari-colored pennants and school colors, and rocking the building on its foundations with their school yell and cheers. Four hundred of these people were fed by the Antioch girls at a cafeteria dinner in the girls' dining hall.

Hopes were crushed in the bitter dust of defeat while others soared on the wings of victory while team met team in bitter conflict on the stadium. Unfortunate drawings took their toll of disappointment during the big meet and many a good team was eliminated during the earlier games of the meet due to drawing a seasoned quintet for their initial battle while they were yet unsettled and a bit excited. The result was an irretrievable defeat of teams that were expected to caper through the greater part of the day's session with honors.

Such was the experience of Osborn, which was by far the strongest team in the tournament next to Xenia. These lads picked Yellow Springs, a strong outfit, for their preliminary set-to and after defeating them handily ran into Xenia in the same afternoon in the semi-finals. The local lads were only able to squeeze them out by a bare two points, the score being 16-14, yet these lads were eliminated when they should have had second place. Cedarville, which won this position, was an easy victim for the locals in the final game, Xenia defeating them handily with the line-up full of substitutes in the first half.

Besides the two big championship deciding games which were played in the evening, the fans present were treated to an unusual bit of basketball interest, in the presence of five known stars in the All-Star combination, which defeated Antioch College 28-12 in the second game of the evening. The All-Star aggregation was composed of officials and coaches, and represented in its line-up, Deitrich, of Wittenberg, All-OHIO forward for this year, Lowell Fess, and Wilbur Corry, former Antioch stars, and both lately returned from overseas, Godfrey, former Ohio State star guard and Al Marth, Dayton Triangle star, former St. Mary's performer, who was present with his prodigies, Osborn High School, whom he has been coaching. The outfit was truly an All-Star aggregation, and despite practice they played team work like veterans and easily defeated the fast college five.

The results of the preliminary games were as follows: Cedarville 22; Bowersville 12; Cedarville girls 12; Ross township girls 6; Jamestown girls 11; Yellow Springs girls 9; Ross

### AMERICAN FIGHTING MEN DO CLEARING WORK IN FRANCE

## REDUCTION IN LIVING COSTS IS KEY TO READJUSTMENT PERIOD

Washington, March 17—Reduction in living costs to the consumer was put forward today by the Federal reserve board as the key to the readjustment period. The sorely tried consumer must have an inning if the transfer from war to peace is effectually made, the board says in the Bulletin, made public here.

"Readjustment is a problem," the Bulletin states, which involves a curtailment of costs of production to a point where our manufacturers are able to satisfy domestic trade and to compete favorably with foreigners for export. It involves a readjustment of values generally upon a new basis created by normalization of prices and wages. Finally it involves the effective transfer of labor from war work back to peace-time employment at a stable and satisfactory remuneration."

The board says that each of these factors must bear its share in the general process of readjustment. If these

do "team work" the board predicts a smooth recession from the "great inflation" of prices and the additions to the "consumers living costs on every side."

In connection with its analysis of the readjustment situation, the board directs attention to "shifting of investments" without due appreciation of the hazards of the situation. It warns that dangers are particularly acute in this respect since a war loan is being floated at a time when the whole of industry is busily re-organizing.

The opinion is voiced that while the great readjustment is taking place, exporters as well as domestic manufacturers should take into account the "round robin" with Norris and Kenyon added since adjournment of congress. Democrats openly in opposition include Reed, Thomas and King. Those who have not come out openly are refraining from doing so they said, because they see the strongest indications that amendments will be made which may satisfy them.

The present week sees the beginning of the opposition invasion of the middlewest. Borah and Reed are scheduled for meetings in St. Louis and Kansas City and Borah may speak in Cleveland.

## CLEAR MAJORITY PLEDGED AGAINST LEAGUE OF NATIONS

By L. C. MARTIN.

Washington, March 17.—A clear majority of the next senate is pledged to vote against the league of nations constitution unless amended, league opponents declared today.

Eleven Democrats, they say, have either openly or privately declared their opposition to the compact in its present form. Forty-one Republicans are definitely on record against the covenant. This makes a total of 52, three more than a majority of the senate.

The republican opposition to the present form of the constitution is made up of the thirty-nine signers of the "round robin" with Norris and Kenyon added since adjournment of congress.

Democrats openly in opposition include Reed, Thomas and King. Those who have not come out openly are refraining from doing so they said, because they see the strongest indications that amendments will be made which may satisfy them.

The present week sees the beginning of the opposition invasion of the middlewest. Borah and Reed are scheduled for meetings in St. Louis and Kansas City and Borah may speak in Cleveland.

## FIRST UNITS OF 37TH ARE DUE IN NEW YORK MONDAY

New York, March 17—The Harrisburg, bearing the first units of the 37th division—Ohio's former national guardsmen—is scheduled to reach port here today, but it is extremely unlikely that she will dock on the scheduled date.

To date no radio has been received from the vessel.

As the Harrisburg did not leave France until March 10, debarkation officers say they will be surprised if she arrives before late Tuesday or Wednesday.

The Harrisburg are detachments of the 147th infantry, consisting of nine officers and 565 men.

The 135th field artillery composed almost wholly of Cleveland boys, is on the seas and scheduled to reach New York, Louisville and New Hampshire March 27th.

Detachments of the 148th infantry are aboard the Louisville at sea.

The Louisville and New Hampshire sailed from France March 12.

## FORMER GERMAN GENERAL CLUBBED TO DEATH BY MOB

Copenhagen, March 17.—General Von Arnim, former commander of the German armies in Flanders, was clubbed to death by a mob of infuriated peasants in Aisch, Bohemia, it was reported in dispatches received here today.

The murder of Von Arnim followed his firing shots at peasants who trespassed on his grounds. Afterward the peasants pillaged the castle.

## DANGER OF FLOOD AT DAYTON THOUGHT TO HAVE PASSED

While the steady rise of the Miami river at Dayton, caused concern in that city, Sunday, forecasters said that the flood stage would not be reached unless there were continued continued heavy rains Monday. The river was standing at 13 feet Monday morning, and 18 feet is the flood stage.

Arthur E. Morgan, chief engineer of the Miami Conservancy District, had men stationed at every point along the Miami, Mad and Stillwater rivers all day Sunday, and throughout the night. "In-so-far as the levees are concerned, said Mr. Morgan, they are in better shape to carry a large volume of water than at any time in the past." All day Sunday, the levees were being caulked and strengthened unassured by the official announcement that there was no danger of a flood, residents in the lowlands began to prepare for the worse. Boats that had not been used since the 1913 flood were taken out and inspected in readiness for any emergency.

## WILL BE GOVERNOR OF VIRGIN ISLANDS

Rear Admiral Joseph W. Oman.

Rear Admiral Oman is to become governor of the Virgin Islands, the newest island possessions of the U. S. He will succeed Rear Admiral James H. Oliver, who was recently relieved from that duty and returned to the retired list. Admiral Oman is at present commandant of the Second naval district, with headquarters at Newport, R. I.

## LEAGUE OF NATIONS COVENANT IS PART OF PEACE TREATY

Paris, March 17.—Foreign Minister Pichon's claim that the league of nations will not be included in the preliminary peace treaty was emphatically denied today in American official circles.

President Wilson and the other commissioners are standing pat on its inclusion, it was stated. Surprise was expressed that Pichon should hold views to the contrary.

The president, it is known, intends to make a strong fight for inclusion of the league. He feels that France and Great Britain need the league even more than America. Hence, Pichon's statement astounded and somewhat piqued the Americans.

An early peace is desired by President Wilson, and he holds that inclusion of the league in the pact is vital to America.

BY FRED S. FERGUSON

Paris, March 17—Final action on the military terms of the preliminary peace treaty with Germany was to be taken by the supreme war council this afternoon.

The treaty will be presented to the Germans about March 25, according to general opinion today. This slight disarrangement of previous plans is due to the necessity for Premier Lloyd George to return to England the last of this week. He is expected to return to Paris next Monday.

While the forthcoming treaty with Germany is termed preliminary, it is, to all intents and purposes final, it fixes that country's military and naval status, defines its boundaries and dispenses of the questions of reparation and economic freedom. It will not be really effective, however, until it is ratified by all, or a fixed percentage of the signatory nations. The period of ratification by the allied nations may be at least forty to sixty days.

This will give an opportunity for the calling of a special session of the American congress, enabling the senate to act. Germany probably will be called in this country "about the end of April" for the same purpose.

He added that organization would not be completed until most of the American troops returned from overseas.

+ Young Teddy Plans To Organize War Veterans

++ New York, March 17—On receipt here of word from Paris that 500 members of the American expeditionary force had taken the first step there toward organization of a world war veterans' association, Lieutenant Colonel Theodore Roosevelt announced last night that a meeting would be called in this country "about the end of April" for the same purpose.

He added that organization would not be completed until most of the American troops returned from overseas.

## HEAVY RAINS PUT RIVERS ON RAMPAGE

Napoleon, O., March 17—The Maumee river is out of its banks in many places between the villages of Florida and Texas, a distance of 20 miles in Henry county and rising this morning at a rate of two inches an hour.

Hundreds of acres of lowlands have overflowed 12 to 24 inches.

North and South Turkeyfoot creeks on either side of the river are overflowing the roadways.

Cincinnati, March 17—A heavy rain which began Friday night showed signs of letting up today, with the fall totalling 2.18 inches. The Ohio river in this district was rising three tenths of a foot an hour, under the pressure of tributaries which had over-run their banks. Upper river cities reported lower stages.

## ALL STREAMS IN GREENE COUNTY NEAR FLOOD STAGE

All streams in the county are swollen as a result of the heavy and continued rains throughout Saturday and Sunday, but the water has not reached the flood stage, or caused any damage of consequence.

At Old Town, Massie's creek, which flows into the Little Miami river near that point, has overflowed its banks, and all the lowlands are flooded, but the traction line and railroad tracks are not inundated. Lowlands near Trebein are sheet of water, but the Dayton, Springfield and Xenia Southern Traction Company has not yet experienced any trouble through its tracks being flooded.

At Spring Valley, back water has covered the river bottoms, at New Burlington, where Caesar's creek and Anderson's Fork frequently cause trouble during the spring freshets, the water has not caused anxiety.

The absence of heavy rains Sunday night and Monday forenoon allowed the water in all streams to drop considerably, but the weather bureau promises more rain for Monday night, which may bring all the water ways up again.

## CHIEF JUSTICE COMPLIMENTS JUDGE KYLE OF XENIA

(Newark American Tribune.) Judge Kyle said to an American Tribune man Wednesday that he had received a recent letter from Chief Justice Nichols.

The latter writes that he is well satisfied with the progress of Judge Kyle and says the work of clearing the docket must not stop till there is a clean docket. In the letter he notes the fact that Judge Kyle will be succeeded here for two weeks beginning, Monday, March 17, and that Judge Robert H. Day of Canton will be here. He does not say who will follow Judge Day in the last week of the January term.

Chief Justice Nichols is leaning on Judge Kyle in the matter of cleaning up the Licking County docket. He inquires of Judge Kyle what time he will have at his disposal in the months of April, May and June. The Chief Justice knows that Judge Kyle will have to take care of the criminal and civil business in Greene county in the April term and will have the rest of the time of the April term to devote to his docket.

Judge Kyle said today that he will be glad to come back here, all the time he can spare from his home court. He has gotten acquainted with all members of the bar and the local lawyers have gotten in touch with his way of handling cases. He feels that he can accomplish more in the same length of time than he did after his first arrival. "I should like to keep you there till the docket is clean," he writes.

The Chief Justice has ordered Judge Kyle to Geauga county on Wednesday, March 19, to try a long case, pending there.

## SCHMIDT HEARING SET FOR THURSDAY IN AWNING CASE

Appearing on two affidavits filed Monday morning one charging him with violation of the awning ordinance and the other with violation of the sidewalk ordinance, H. E. Schmidt, lead not guilty in Police Court Monday afternoon at one o'clock through his attorneys Marcus Shoup and Frank L. Johnson and his hearing was set for Thursday morning at 9 o'clock.

Mr. Schmidt's attorneys have promised to hurry the case through to the Court of Appeals in order to avoid more arrests as each day in which the ordinance is not observed is a violation and renders the plaintiff liable to pay a maximum fine of \$50. In the event that the case is finally won by the city, the latter can file affidavits covering every day that Mr. Schmidt violated the two ordinances since they became effective.

Marcus Shoup and Frank L. Johnson represent Mr. Schmidt and City Solicitor J. A. Finney and Attorney Mr. Hartley represents the city. Mr. Schmidt was released Monday on his own recognizance.

## HEADLINE SPEAKERS WILL BE ON REDPATH CHAUTAUQUA PROGRAM

Timeliness will be the keynote of the 1919 Chautauqua season, according to the announcement made by Manager W. V. Harrison of the Redpath Bureau, just before sailing for Europe, where he is to secure one or more headline speakers for the local program this summer.

The world's period of transition is not the first occasion on which the platform has been recognized as a safe and powerful guide of thought and action, but today, even more than in the important period immediately following the Civil War, there is a call for the greatest minds of Europe and America.

Supplementing the talent he will secure abroad, Mr. Harrison will present on this season's seven-day program such features as "The Melting Pot," by a cast of New York dramatics; Lou J. Beachamp, humorous philosopher and world traveler; Henry A. Adrian, the Burbank man; Weber Male Quartet of New York City; the Althea Concert Company, a group of young women violinists; Katherine Ridgeway, reader supreme; with a number of other stars in the world of music and speech.

Immediately following the 1919 Chautauqua season there will be held in Chicago a jubilee celebration to commemorate the fiftieth anniversary of the founding of the Redpath Bureau. Noted public men from Washington and elsewhere will be in attendance. Bohumir Kryl, whose band was heard here last season, will furnish an organization of 100 pieces.

Soon after Manager Harrison's return from Europe, Chautauqua dates and program will be presented for the consideration of the local committee.

SHE'S A BIRD!

(Shelbyville, Ky. Gazette.) Mrs. Elizabeth Martin started out early in life to feather her nest, and has always had her eye on the main chance. She began as Elizabeth Bird, of Harrison County, near Paris, Ky. Her first venture outside of the home nest was when she married Bud Martin. When Mr. Martin died she married Edward Crow, a farmer. When the time came to change nests again she allied herself with David Buzzard. To the Buzzard roost she carried one little Martin and two little Crows. One little Buzzard was already there to welcome the other birds.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

## A TRIAL WILL CONVINCE YOU.

**NOTHING** that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

### URGE OPENING OF EMPLOYMENT OFFICES

Washington, March 17—To provide employment for returned soldiers and sailors, an emergency committee of the council of national defense has been organized.

With the unemployment again increasing, the committee was believed to be necessary because of the 80 per cent reduction of the United States Employment Service. It will take over the work and suggesting the immediate opening of state and municipal employment offices to succeed the ones of the federal government that will be closed by March 22, the board will take over the two thousand agencies of the welfare association which have been directed by the soldiers and sailors bureau of the employment service.

Appeals were telegraphed today to all governors, mayors of the principal cities and chairmen of all state councils of defense asking assistance in the work and suggesting the immediate opening of state and municipal employment offices to succeed the ones of the federal government that will be closed by March 22, the board will take over the two thousand agencies of the welfare association which have been directed by the soldiers and sailors bureau of the employment service.

Miss Frances Marion.

The very first American woman to cross the Rhine was Miss Frances Marion. Miss Marion in everyday life is a writer of motion picture scenarios, but during the war she was a propagandist for the committee of public information. She went to France last fall with the purpose of filming the activities of women in war and also of doing some secret propaganda work for the government.

### WOMAN AWAKENS TO FIND A BURGLAR IN HER ROOM

Awaking suddenly some time early Sunday morning, Mrs. O. O. Smith of West Third street discovered a burglar in her bed room. Her scream served the double purpose of arousing Mr. Smith and frightening the burglar, who made his escape.

Mr. and Mrs. Smith sleep on the ground floor and leave a window open for ventilation, through which the burglar made his way into the room. He had evidently been in the room for some time, for he had arranged the chairs in the way of any one coming from the direction of the bed, and left an open space between himself and the window.

The burglar did not secure anything although there was considerable money in the room. He ran down King street, toward the railroad yards, when he was alarmed.

Mrs. R. J. Watkins was called to Philadelphia because of the serious illness of her son-in-law and daughter, Mr. and Mrs. Alexander Gaines. Later word was received that Mr. Gaines had succumbed to the influenza. Mr. R. J. Watkins left immediately for the east.

### SAYS NERV-WORTH HAS BEEN A BOON TO HER HUSBAND

MRS. J. H. GENTNER, OF ALPHA, GLOWINGLY PRAISES THIS FAMOUS FAMILY TONIC

Mr. Gentner is the well known Alpha carpenter. His many friends will read of the recovery of his health with pleasure and interest. Said Mrs. Gentner not long ago:

Sayre & Hemphill—My husband was restless and nervous. Couldn't sleep at night and felt worse on getting up than when he went to bed. His stomach was out of order and he had no appetite. He has taken one bottle of Nerv-Worth and feels great improvement. Stomach no longer bothers him. Sleeps fine; and he feels refreshed on getting up. Nerv-Worth surely has been a boon to him. We recommend it most highly.

MRS. J. H. GENTNER, Alpha, Ohio. Nerv-Worth steadies and strengthens the nerves, whets the appetite, adds flesh, aids digestion, rouses the liver, regulates the bowels, restores restful sleep, banishes sick and nervous headache and other aches and pains, builds up run-down systems. **TAFT REPUBLICANISM GOOD ENOUGH FOR US.**

There are millions of good and tried Republicans in the United States who deprecate the way things were done in the United States Senate during the last thirty-six hours of the session of the late Congress.

If it is proposed to make opposition to the League of Nations the issue on which the Republican party will make its 1920 campaign they will be chagrined beyond measure.

They insist that it should not be within the power of a few men to thus make an issue which we believe is repugnant to a great body of the party.

That great American statesman, that splendid constitutional lawyer, Ex-President William Howard Taft, is really the FATHER of the League of Nations principle in this country. For years he has been at work, day and night, endeavoring to instill the principle into the minds of his fellow citizens. His Republicanism is of the high-water mark, not to be discounted by anybody.

And what a brave, non-partisan, splendid thing it was for him to stand on the same platform with President Wilson, in New York, the night before the latter left for France, to interpret in lucid terms the conditions of this proposed covenant against human slaughter. No pessimism there—but instead patriotism of the highest class.

So it is, that William Howard Taft's Republicanism is good enough for us and for millions of others. They believe in him, and they believe in the principles of the League of Nations.

Many of them feel as deeply on this subject as the writer of the following open letter, which we find in one of our exchanges, sent to Senator Knox the day it was written:

The Hon. Philander C. Knox,

United States Senate,

Washington D. C.

Dear Sir:

I am over fifty years of age and never voted anything but the Republican ticket; but, if my representatives in the Senate continue to play politics at the expense of the country, I certainly will make a change at the next election.

I have been a contractor for over thirty years and am considered a practical man—a staunch Republican—yet I consider that if the Republicans make an issue of the league of nations their defeat will be swift and certain when the next election takes place, and, what is worse, the war with Germany will be as good as lost.

If you consider the will of the great mass of Republican voters you will certainly bend every effort to have the league-of-nations agreement passed at the earliest possible moment.

A. T. GEORGE,  
Philadelphia, March 11, 1919.

## TO THE YOUNG FELLOW JUST GOING INTO BUSINESS

This is a modest contribution out of reminiscences, for some who perhaps have no one to call their attention to the very little things having a bearing upon their new life, in the eye of the public, which will note certain things that might wisely be avoided.

For example, these suggestions out of the purest good will—

It might be better not to wear that big seal ring. You don't need it, and with some people it will not help you.

Not to carry a cane to business. When you get on after a while, you may wear two rings or carry a walking cane in each hand, if you like.

Mr. Anthony J. Drexel and Mr. George W. Childs always walked to their business, to the great admiration of the young men of their time, while they said they needed the outdoor exercise.

Not to smoke on the way to business, would be a suggestion worth thinking about.

The writer believes that a flashy

waistcoat and a huge heavy gold watch chain crossing both sides of the waistcoat and a big cigar, on the streets, had much effect in the undoing of a most attractive young fellow who never got on.

(More anon.)

JOHN WANAMAKER.  
Philadelphia, March 14, 1919.**HURRY, HURRY, TEACH THE FOREIGN BORN ENGLISH.**

Suppression of Bolshevism is the important work taken up in the industrial city of Lawrence, Massachusetts, by the Citizens' Committee of 150, and the outstanding feature of the plan for the maintenance of law and order is the substitution of English for the foreign languages now spoken by immigrants. The committee finds that the English-speaking mill workers are satisfied with hours and wages—compensation is liberal, and among this class of the population the agents of the Bolsheviks find no sympathizers. The trouble-makers from Russia and elsewhere concentrated their efforts upon the foreigners who, by reason of their ignorance of English, are made to believe that they are subjected to grievous wrongs and that there can be no justice until the American government is overthrown. Of course, the Bolshevik agitators do not tell the truth, but the non-English-speaking foreigners do not know that they are being deceived and the agitators thus are enabled to do a good deal of mischief.

Realizing that misunderstandings can best be disposed of by getting the workers and their employers together for the discussion of differences of opinions and that this is impracticable when the men cannot speak English, the citizens' committee says: "It behoves the illiterate and foreign born to become Americanized—first by learning to speak, read and write the English language; second, by preparing to become good American citizens; and third, by mixing in with Americans and by forgetting the sufferings and abuses to which they were subjected in their fatherland, at least up to the point of realizing that there is not any such tyranny in this country."

Establishment of classes in English at the mills is advocated, and textile manufacturers are urged to co-operate with the citizens' committee in impressing upon all aliens who have neglected the study of English the advantages of learning the language of the country. The general plan outlined in Lawrence seems to be adapted to the needs of that city, and it may also be said that it is worth the attention of every other city in which foreign languages are spoken by immigrants.

One of my fellow wage-slaves (relates Longe) is the proud possessor of an exceedingly noisy shirt—white, with wide orange and purple stripes, if you will believe it. One evening, he was calling on some friends who have a five-year-old daughter. The youngster gazed wide-eyed at the screaming combination, then, rubbing her hand over the shirt front, injured: "What kind of a flag is that?"—Cleveland Plain Dealer.

## CHAPTER XXXVII.

For the first time in my life I was almost physically afraid, so keen was a sense of danger about me. Something in Neil had struck hard upon my imagination. I could scarcely control the trembling that seized upon me as I heard the door close.

Then I began to sob. I felt shaken and frightened, like a child. Presently I ceased sobbing. I was, however, inundated with self-pity, because, although I loved my husband so dearly, he persisted in being

"It behoves the illiterate and foreign born to become Americanized—first by learning to speak, read and write the English language; second, by preparing to become good American citizens; and third, by mixing in with Americans and by forgetting the sufferings and abuses to which they were subjected in their fatherland, at least up to the point of realizing that there is not any such tyranny in this country."

At midnight I went to my room.

The dawn came and found me still at the window. I had not slept at all.

Tonke came to my door about eight o'clock.

"Mr. Forbes will not breakfast at home. Shall madame be served?"

Eight o'clock was our breakfast hour. "I haven't slept well. Bring me some coffee and toast." I told him through the closed door, then quickly disarranged the bed, and slipped into a negligee. All night long I had sat in my dinner gown, never thinking it uncomfortable because of the other thought which so filled my mind.

But LES CONVENANCES must be observed. Servants must not be given cause for gossip; though my heart ached and more than anything in the world did I want to shut myself away from their prying eyes.

But when the maid brought the tray I received her as usual. And detained her a moment upon some trivial matter. So do we women hide our emotions—so must we hide them.

To my surprise, about an hour later Mr. Frederick's card was brought to me.

"Tell him I will be down in a few

moments," I said, then hurried into suitable gown.

This is a surprise after the way you talked yesterday," I said to him after we had exchanged greetings, I really never expected to see you again."

"As bad as that?" his gray eyes held a twinkle.

"Just as bad as that!"

"I had a few spare moments this morning and I could think of nothing better to do with them, nothing I so longed to do, as to spend them with you. So I took my courage in both hands and made a call at this unearthly hour—for New York."

"Oh, but I am so glad you did! I was just thinking I would order the to pass the time. I woke with a headache?"—I was afraid he would notice how tired I looked—" and was just thinking I would order the car and take a ride. I am so glad you came before I did so."

"I have my car outside. Won't you let me take you for a ride? We can talk just as well, and the air may do you good."

The idea appealed to me and I hurried to put on my wraps. For a time, in the car, we did not speak. The air was delightfully fresh and it blew so refreshingly upon my aching head and tired eyes that I was glad to just lean back and enjoy the ease it gave me.

"Feeling better?" Mr. Frederick asked after a bit.

"Very much better, thank you." "It is sad about Orton."

"Very. But he has been an invalid so long I suppose Mrs. Orton was in a way, prepared for it—if we ever can be prepared for death."

"But—he did not die of his old trouble. Haven't you heard anything about it?"

"No. That he died last night, is all I know."

"Oh, yes, he died very suddenly. The morning papers were full of it. Pneumonia I believe."

"I haven't seen a paper this morning," I replied, wondering why Neil had thought it necessary to remain out all night to comfort Mrs. Orton, when her husband's death could be nothing save a relief to her.

That he had been with her, I never doubted.

Tomorrow—Mr. Frederick's Words Worry Barbara.

**COMING HOME**

A Madison County soldier in the army of occupation sent this poem home:

Darling, I am going back, Silver threads among the black. Now that peace in Europe nears, I'll be home in seven years.

I'll drop in on you some night, With my whiskers long and white. Yes, the war is over, dear, And we're going home, I hear.

Home again with you once more— Say by nineteen twenty-four; Once I thought by now I'd be Sailing back across the sea.

Back to where you sit and pine, But I'm stuck here on the Rhine; You can hear the gang all curse— War is Hell, but peace is worse.

When the next war comes around, In the front rank I'll be found; I'll rush in again, pell-mell— Yes I will, Like Hell, Like Hell.

**ANCIENT OLD TRADING POST**

About Fort Smith There Seams to Gather All the Romance of the "Silent Places."

Of all the glorious old trading posts of the Honorable Hudson Bay company, there is none with more of the romance of the silent places about it than Fort Smith, perched above the rapids of the Drowned on the Slave river, writes "Niksh" in the Chicago Daily News. The Slave flows here from Lake Athabasca to Great Slave lake, and half-way on its journey, just where the sixtieth parallel of north latitude divides the province of Alberta from the Northwest Territory, it passes Fort Smith.

The fort is set high above the troubled waters several hundred feet up the steep, rocky bank. A fine spot for defense it was, in the early days, but now that attacks are over it is an inconvenient location in spite of its picturesque qualities. All day long you can see those who are in the biblical phrase "drawers of water" toiling up the steep path with yoked buckets over their shoulders—Indian women and children, servants of the company, carrying every drop that is drunk, and whatever may be used for other purposes. It is no discredit to wash sparingly in Fort Smith. One must needs have scant consideration for the value of human labor to do otherwise.

All about the trading post are scattered the tepees of the Indians, wanderers of the great woods, on their annual trading expedition. They bring with them the breath of the vast woods country; its struggle has shaped their tight-lipped mouths, its loneliness has made them steady black eyes inscrutable; its mystery has made their laugh a low, quick bitten thing, like a laugh snatched in the shadow of terror. All these things the white woodsmen show even more strongly, with the quicker impressionability of finer clay. The northern woods runner is a man apart, almost a separate species of the human animal, shaped by the relentless pressure of an irresistible environment.

**SUNDAY SCHOOL HEAD APPEALS TO WOMEN OF OHIO**

THE women of Ohio have the children of Ohio on their hearts. Many of these women are among the most devoted teachers. The women's clubs of all kinds are interested in all the questions relating to children's welfare. The outstanding fact, however, is that the women of wealth in the churches have not usually been identified with the support of the Sunday School. The present campaign furnishes an excellent opportunity for women with money at their disposal to assist in supporting the cause of the children, as no other cause does. Is it not worth while for these women to work through their money in the Sunday Schools from year to year? They have responded most generously to the cry of the children in the war stricken area. I commend to them also the interest of the up-growing generation of the Ohio boys and girls.

## The Order of the Bath.

A very youthful British tourist, arrived at an old-fashioned hotel, had the imprudence to order a bath in his room for the next morning. Very early he was awakened by sounds of hammering somewhere overhead. Then followed much bumping on the stairs; evidently a large and cumbersome weight was being brought down. The noise ceased outside his own door, which flew open, and in staggered two strong men bearing the big bath from the public bathroom, dismounted for his morning ablutions!

GRAND ELEVENTH  
HOUR RUSH MADE  
TO PAY INCOME TAX

On the job until midnight Saturday, Deputy Income Tax Collectors H. A. Higgins and F. C. Sommers received the last returns made by Greene countians, up to the last minute allowed by law for making such returns.

The windup of the income tax collecting period was a strenuous one for the collectors. After visiting various towns of the county, they wound up in Xenia Thursday, Friday and Saturday, and from eight in the mornings until midnight they were busy.

The income tax collectors' office on the second floor of the government building was thronged every minute, while the collectors gave out information concerning the law, rendered assistance in making returns, and passed out tax blanks.

It is thought that there are few delinquents in the county. Information concerning the law and the necessity for making returns was so thoroughly circulated through the press, that there is no one who could have an excuse for delinquency, because of lack of knowledge of the law. Then the penalty fixed for failure to make returns is drastic, and the government has given assurance that its officers will hunt up the dodgers.

The income tax is for the purpose of paying war expenses, and in its operation is one of the most just laws, as all who understand it admit.

## Things Evened Up.

Bobbie walks home from kindergarten with a little neighbor girl who goes to public school. He calls her his sweetheart. So the other day his big brother said to Bobbie: "Oh, Bob, she's too big to be your sweetheart." But Bobbie met the proposition thus: "Her head's higher than mine, and no desire to eat. This is a poor foundation to build new strength on.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu", fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

P. S.: If you can make any use of this letter for suffering humanity, you are at liberty to do so. C. S. Martin

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu", fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

"I am an old soldier, past seventy-

seven years. I had the Spanish influenza and it left my stomach in an

awful shape. I tried three different doctors and got no relief. At last I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and I feel fine."

Yours thankfully,

## THE OSTRICH COMES BACK

BY MARGARET ROHE.  
(Written for The United Press.)  
Belinda wore a sweet pink frock  
All feather trimmed so new  
And coyly cooed to Percival  
"I knew 'twould tickle you."

New York, March 14.—A hint to the wise that you'd often hear was "Feather your nest," but it's changed this year to "Feather your frock" if you wish to be as chic as they make 'em"—le dernier cri." For if I should give you a tip, you see, on newest of trimming for gowns 'twould be an ostrich tip—maybe three or four of different colors; they're wearing more at the bodice side, where in days of yore a cluster of flowers or fruit they wore. It really makes quite a chic bouquet, these ostrich tips in their colors gay. At the price the cost though, you mustn't frown; remember that feathers can't be marked down."

Why really these days when a dance goes by and you call her a bird it is

## DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

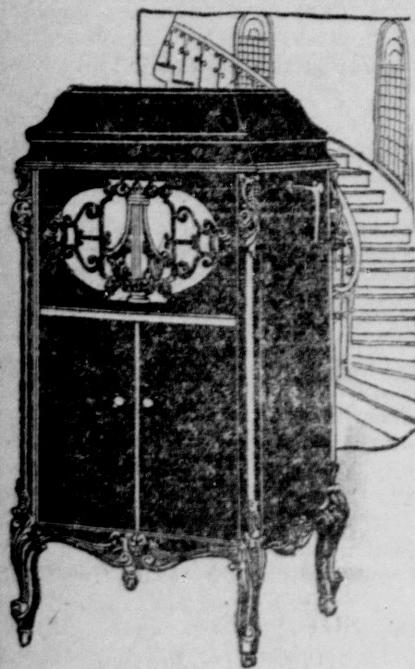

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosty feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

ARE WAR BRIDES FROM "OVER THERE" HAPPY? WELL, LOOK AT HER BIG SMILE

Mrs. Doris Winner.

War brides of our overseas heroes have been arriving in groups on recent boats from France and England. And they are a happy lot, too. Mrs. Doris Winner, shown above, was one member of a group of about twenty brides who arrived recently on the Plattsburg from abroad. She came from London and will live in Detroit.

## Davis PORTABLE ELECTRIC SEWING MACHINES

A Davis Portable Electric Sewing Machine takes the drudgery out of sewing. It's a pleasure to make baby's dresses and your own clothes with it.

It operates the same as an ordinary sewing machine, except that the little motor does all the hard work. Simply fasten the cord in any electric light socket, press lightly on the foot controller and guide the work as it glides under the needle—you can make a stitch at a time slowly or speed it up to 800 stitches a minute.

When it is not in use it is enclosed in the compact, dust-proof case and put away on a shelf.

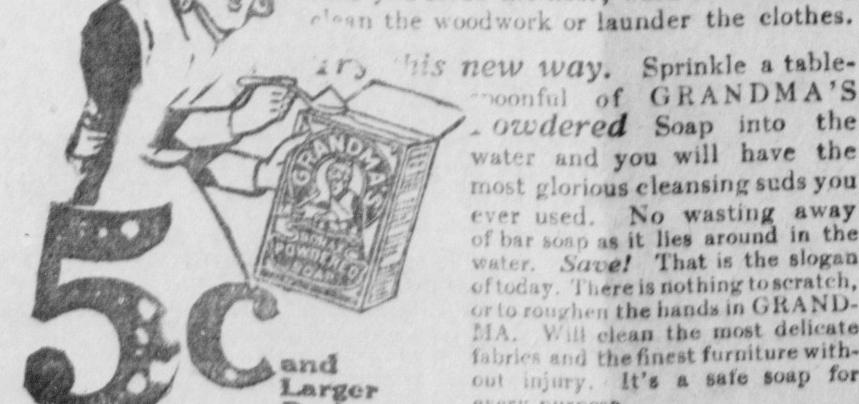

It can be operated for a fraction of a cent an hour.

Come in and let us tell you all about it.

## GREENE CO. WHEAT IN SPLENDID CONDITION

Wheat throughout the county is in splendid condition, and prospects are bright for a fine crop.

The grain had a good start last fall, and the weather was not severe enough at any time this winter to injure it; consequently the tender plants never looked better at this time of the year, than they do now.

While there might still be some freezing and thawing that would have a bad effect on the wheat, there is not much danger of that, and farmers are very optimistic over the prospects for the crop.

## The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire. There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only alleviate the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the

## Public Sales

Have your sale announced FREE in this column early, so that you may claim your date and others will stay off it. These ads are run every day and are gratis with the large display advertising. We also furnish sale bills without charge. Let us tell you about it.

PUBLIC SALE advertising in the Gazette and Republican bring the crowds. In these days of automobiles the farmer has no time to stop along the road to read sale bills. He is coming to depend upon these papers to notify him of the sale dates and articles to be offered for sale. It is the buyer from a distance who sees you ad in this paper, who jumps into his auto and hustles to your sale, who pays what your stuff is worth. Your neighbor no longer can stand around and pick off what he needs at an absurd price, as he does when you have not properly advertised, and gotten a good crowd. Use the Gazette and Republican if you want the worth of everything you offer. Don't try to save on your advertising.

## BISHOP HARTZELL COMMENDS CAMPAIGN

Columbus, O., March 4.—In advising the Ohio Sunday School Association that he would come to Ohio to participate in the Victory Reconstruction campaign, Bishop J. C. Hartzell of the Methodist Episcopal church and vice-president of the World Sunday School Association, sent this message of endorsement:

"The joint World and International Sunday School Association campaign for money to strengthen and enlarge their work in North America and foreign lands has my heartiest commendation."

"The Sunday School is the right arm of the church and is the chief factor in the moral reconstruction of the war smitten world."

"These organizations are interdenominational and co-operate with all mission and Sunday School boards in the improvement of literature and teacher training and in promoting new organizations especially in foreign lands."

**JUST THINK OF CADOMENE**

When You Find You Are Losing Out in the Game of Life.

Worn-Out, Nervous Men and Weak, Bloodless, Anaemic Women Have Found New Strength and Vigor in Taking Cadomene Tablets.

A well-known writer on physical culture says: "You cannot run a high-powered engine without fuel. You cannot get much speed without plenty of steam. You cannot get up much steam without plenty of coal and a perfectly working body." Similarly, in your own case, the internal "works" must be sound and working properly."

That tired feeling—do you know what it means? It means that digestion and nutrition are lacking. It means that your blood and nerves are impoverished. It means that slow but sure decline in your vitality will surely ensue and real sickness will overtake you, unless you bestir yourself in overcoming the weakness of the organs responsible. This is not written to frighten. In reality it expresses logical facts. Cadomene Tablets, the favorite prescription of a great physician, are made, and sold by druggists for people who need help for nature's forces, owing to ignorance, neglect or dissipation of one kind or another. Every package is guaranteed to please or money back.

**Wild Goose Hides Eggs.**

The domestic goose is derived from wild species. The pioneer settlers saw their domestic geese run wild in bushes and almost revert to their primitive state. Now, the goose constructs a very pretentious nest on the ground. The eggs are so large and white that they would attract unfriendly notice at a considerable distance. To avoid this dangerous publicity the eggs are carefully covered over when the owner leaves them even for a short time.

**Mother's Poor "Rememberer."**

Mother had been searching for her purse. Having found it she shortly afterwards mislaid her eyeglasses and asked Doris, who was playing nicely with kitty, to hunt for them. Doris poutingly obeyed, but said: "You is always losin' somethin' muver; I wish to goodness you had as good a rememberer as aunty has."

**Great Medicine**

Made From Corn Silk—Excites Favorable Comment.

**Kidney and Bladder Ailments Banished By Few Doses.**

Corn Silk! The same "silk" you see protruding from the husk of corn, produces a fine medicine for kidney and bladder irregularities, when compounded with other simple drugs as in Balmwort Tablets.

Balmwort Tablets contains a powerful extract of corn silk, which quickly relieves the inflammation and congestion that causes such distress as pains in back and hips, rheumatic twinges, nervousness, severe headaches, accompanied by frequent desire to eliminate, followed by scalding, burning sensation. The patient is compelled to arise frequently to relieve pressure, even though a scanty flow follows. The eyes appear "bloodshot," the sleep is restless, and sometimes fever, followed by chills, cause great unrest. It is unwise to neglect such symptoms, when a few doses of Balmwort Tablets can be taken for relief.

Alice Trobough, 5627 South Twenty-fourth street, Omaha, Neb., writes: "I have used one tube of your Balmwort Tablets and find that they are the best I have ever used for kidney and bladder trouble."

Ask any leading druggist for a tube of Balmwort Tablets. Price, \$1.00 adv

These lads are the choice of the Gazette and Republican sport writer for the mythical all-county basketball team, picked from the players who performed in the county tournament at Antioch College Saturday. While it will never be possible for either of the teams picked to get together, such a combination as either of them represents would be a team hard to beat.

The tournament committee of Antioch, Warren Vannorsdall, Elmer Barre and Lyman Athey, also picked several all-county teams. The first

team selection differs from that of the Gazette and Republican only in the position of right-forward, Cox being used instead of Gray. Their selection follows:

First Team Stephens, Xenia...lf. Brill, Beaver Creek Cox, Osborn...rf. Hartsock, Xenia Brewer, Y. S....c...Neff Osborn Vannorsdall, Xenia...lg. Horney, Ross Zeller, Osborn...rg...Wood, Bellbrook

First team substitutes—Luce, Cedarville, forward, Wise, Yellow Springs guard. Second team substitutes—Hughes, Antioch Academy, forward, Satterfield, Xenia guard.

The committee selected one team for all-county girls, which is given below. The second team was the selection of this paper.
